## *A Beka DVD Program*

### *• History*

NLCA uses *the A Beka DVD Program*, a Bible based curriculum that started in Pensacola Florida by Dr. Arlin Horton and his wife Mrs. Beka Horton. The *A Beka Curriculum* has recently celebrated it's 50th anniversary. The DVD portion of the program began in 1985.

### *• How it works*

Your child will receive 15-45 minutes of DVD instruction for each subject daily from Master Teachers on the DVD. The actual DVD instruction time will be determined by their age and grade level. With help from the on-site teacher your child will be able to complete assignments and activities as well as relate to the DVD teacher and students as though they were actually in the classroom.

This program has yearly updates and has recent events in the history books like hurricane Fran and 9/11.

*The A Beka DVD Program* has been designed with your child in mind.
